#### Scenic Base & Diorama Construction

Saturday July 2

14:30-18:30

Skill Level: **Intermediate**

Price: € 65

During this seminar we will demonstrate, and better yet, participate in the making of a scenic base from beginning to end. The course will include discussion about layout, materials and, of course, finishing. This will be a “hand’s on” session where students will be provided with diorama making materials and will have the opportunity to construct a small scenic base during the course of the seminar timeframe.

I will choose a specific theme for the seminar and demonstrate techniques unique to that theme. Participants will then be encouraged to indulge in their own creativity as they construct their own scenic base.

Students will be required to provide their own hand tools (brushes, knives, hair dryer, etc.) along with any other of their own favorite diorama materials (rocks, roots, dirt, etc.) that they might wish to add to their own scene. Certain paint colors will be provided, but students are also encouraged to also bring along their own favorites. No airbrushes are available during this seminar.

The WME organizers will provide some small materials like water cups, paper towels, etc.

We provide powerstrips **but we do not provide desk lamps or extension cords**, Please bring your own, and remember that we have Euro plugs and 230V. So for non EU-participants it might be necessary to bring a plug adapter.
